- Always turn the power switch OFF before inserting or removing the cartridge.

Outsmart the "Wet Bandits"!

Kevin accidentally loses his family ("Yes!") and ends up in New York City. Alone. Almost.

The "Wet Bandits" are in New York City, too. Harry and Marv tried to rob Kevin's house last Christmas. But Kevin's excellent traps foiled their plans.

Now they're out for revenge. And Kevin's got plenty of hilarious plans to stop them. But will he ever find his family? It's all up to you!

Choosing Options

To set your game options, choose "Options" on the Title screen (press the D-PAD down) and then press START.

To use the Options menu:

- Press the D-PAD up/down to highlight different options.
- Press it left/right to change the settings.

- Lives** Kevin can start with 3, 4 or 5 lives.
- Music** Turn the game's music ON or OFF.
- Joystick** Rearrange the A, B and C button controls to your own liking.
- Exit** Choose this option and press any button to return to the Title screen. Then press START to begin. The chase is on!

Kevin's Status Bar

Kevin's Status Bar at the bottom left of the screen helps you keep track of Kevin's condition.

Score

Your current score. You gain points for bopping businessmen, grocers, cats and other enemies out of the way before they can hurt you, for picking up power-ups, and for hitting Harry and Marv.

Lives

You start with 3, 4 or 5 lives, chosen from the Options menu. You can gain an extra life by finding a Turtle Dove. You lose a life when your Health Bar runs out. If you lose all your lives, the game ends. (When you see the Continue screen, press START before the countdown ends to return to the game.)

Health

Your health decreases as you take damage. Sock enemies out of the way to stay healthy! When your Health Bar disappears, you lose one life.

Making Weapons

Weapon
In Hand

Weapon
To Build

Kevin is awesome at making weapons out of stuff he finds. The bottom of the screen shows the weapon Kevin is carrying, and the one he can build.

Look for the flashing pieces to help him build each new weapon. Once you have found all the pieces to a weapon, you will automatically be able to use it. Until then, you will use the smaller weapon you're carrying.

If you are captured by Marv or Harry while using your home-made weapon, they will destroy it. Once you break free of them, you'll go back to using the smaller weapon until you can build another one.

Most levels have two weapons you can build. When you leave one weapon's area, you'll need to assemble a new weapon. For example, the first weapon you build in the Upper Airport is a slingshot. But later in the same level you'll find the pieces to the Ice Cream Cannon.

Harry and Marv

Harry's
Health

Marv's
Health

Harry and Marv will do anything to stop Kevin. That's why Kevin must stop them first!

It takes multiple hits to defeat the crooks. Their Health Bars decrease as your shots hit their target. When the bars disappear, Harry and Marv are done for!

Flattening the "Wet Bandits" is easier when you use Kevin's home-made weapons. They are much more powerful than the smaller weapons.

If you get captured by Marv or Harry, quickly press A, B or C to squirm free. You'll lose health as long as the bad guys have a hold on you. If you wait too long, Kevin will lose a life. So just stay away from these guys!

As the levels progress, Marv and Harry get smarter and smarter. They learn more tricks, such as how to climb ladders, jump over holes and throw snowballs.

Power-Ups

Boy oh boy! There's a lot of stuff out there for Kevin to grab up! You may not be able to get all of it. But try to get as much as you can.

Presents are worth extra points.

Milk Cartons, Water Bottles and Lunch Boxes add to Kevin's Health Bar.

Pizza restores Kevin's Health Bar.

Turtle Doves give Kevin an extra life.

Find flashing **Weapon Parts** to make bigger and better weapons. Most levels have six different parts you can find, to make two different weapons.

Kevin ♥s New York!

Kevin's New York adventure has eight levels. How far can *you* get?

Upper Airport

Kevin discovers he's not in Florida with the rest of his family. Yes!

Lower Airport

Kevin searches for a way out. Find mom's red bag for bonus points!

New York by Day

This place is big!

Duncan's Toy Chest

Is this great or what?

New York by Night
Here's where things get scary . . .

Uncle's Apartment
No one's here. Except Harry and Marv! Use the traps to hurt the crooks.

The Pipes
Find the way out of this underground maze!

The Park
Now where is that Pigeon Lady?

Kevin's Crook-Catching Hints

- Learn to slide by pressing the D-PAD down while running. It's a great way to get past enemies without taking damage.
- Get all the presents you can, so you'll earn high scores. The higher your score, the more Continues you'll gain. (Continues let you resume a game after losing all your lives.)
- Try to assemble your home-made weapon BEFORE you bump into Harry and Marv. Your smaller weapons probably won't be powerful enough to stop the crooks.
- The more Turtle Doves you find, the farther you can go. Look carefully for them because most are well hidden. When you find one, you'll gain an extra life.
